

## **Η Τρόικα και η Οικονομική Κρίση της Ελλάδας**

### **Συγγραφέας: Γεράσιμος Χριστοφύλλης**

The Troika is looming over Greece,  
Like Darth Vader,  
Looming over Greece,  
Like a dark force invader,  
Scouring our economy,  
For treasures like Tombraider,

But there is no shining knight,  
Riding in on a horse,  
To save us from,  
The dark side of the force,  
From the Troika that are plundering,  
Greece without remorse,  
By the time the austerity measures,  
Run their course,  
The Troika are on the gravy train,  
Drinking gravy sauce,

Merkel is selling Greece,  
A submarine vessel,  
She's counting her money,  
While singing Horst Wessel,

She's says we're living,  
Beyond our means,  
But she's the one,  
Selling us submarines,  
While Berlusconi's having,  
Parties with teens,

George Papandreou,  
And the witch Merkel,  
Are brewing memorandums,  
With a magic spell,

Papandreou is in bed,  
With Dominique Strauss,  
But we the common people,  
Are bearing the cross,

Strauss-Kahn's maid,  
Is making the bed,  
Both maid and mistress,  
And we're begging for bread,

Other parties criticize,  
Like Goldilocks,  
But have their share of scandals,  
Under their frocks,

The IMF is now run,  
By Christine Lagarde,  
She's hammering Greece,  
Like Thor from Asgard,

The world economy,  
Is washed up on the rocks,  
The global debt will make you,  
Jump out of your socks.
